PROFFESIONAL SUMMARY.

A dependable hard-working engineer currently an entrepreneur working from his days as a civil servant through the private sectors of Ghanaian institutions for more than thirty (30) years of experience.

Within this period maintenance, repairs, leader, trainer and administrator with quality direction in multi-disciplinary teamwork in line with aggressive performance metrics. Enhances institutional reputations by accepting ownership for accomplishing new and different suggestions to always explore opportunities that add value to project and job accomplishment.

A strategic engineering hands / manager, very versatile in leadership, capable of formulating project proposals and implementation to attain results in the short term.

Very prolific with resolving mechanical problems.

My staid handling of staff and worker issues to boost productivity is born out of the inclination, task and teamwork practice within the past Thirty-Five (35) years holding administrative reconstruction and Maintenance positions.

SKILL.

Presently, an entrepreneur is highly knowledgeable in project formulating, establishment, building and training. Has worked in various institutions from formulation to establishment through production.

Management.

- Business Development
- Strategic Planning
- Project Management
- Operations Management

Planning advance innovative and generational ideas in building industry from the administration to coordination of programs projects to a successful institution.

In management I always carry out supervisory responsibilities in accordance with company's policies and direction from board and managing executives.

ACCOMPLISHMENT.

An early exploit was to successfully contribute to the establishment of KIA Motors of South Korea dealership and sales in Ghana, working to steer the maintenance and service centre to an efficient operating level as a workshop manager.

RESULTS IN EXCELLENCE
